SPECIAL MEETING CALLED TO VOTE ON \$200,000 MORE FOR NEW GRADE SCHOOL

\$250 Pay Increase Voted All Municipal Employees by Board

Police to Get Raise If County Grants One; Board May Get More

An across-the-board salary increase of \$250 a year each was voted all municipal employees to meet the increased cost of living by the Village Board at its meeting Monday night. The increases are to take effect on Dec. 31, and the additional cost involved will be financed from the reserve and contingency fund during the balance of the fiscal year ending Feb. 28 so as to keep with the budgetary limitations for the year.

The Board voted to go along with the county as far as the police are concerned. If the Board of Supervisors carries out a plan to extend the salary range of the Police Department beyond the present limitations by adding two additional annual increments of \$150 each for all members of the force, the village will follow its example.

Mayor Robert L. Doss also announced that members of the board realized certain inequalities existed in the salary schedules and that these would be rectified before the raises went into effect.

It also was decided to resume pay.

Raschke Is Awarded Bronze Star For Heroism In Action In Korea

WASHINGTON, D. C., Dec. 21 — Marine Sgt. Richard E. Raschke, 20, son of Mr. and Mrs. Ernest M. Raschke, 2 Delisle Ave., Freeport, N.Y., has been awarded the Bronze Star Medal for heroism in the Korean fighting.

His initiative and courageous actions were in keeping with the highest traditions of the United States Naval Service.

Sergeant Raschke enlisted in the Marine Corps July 29, 1948, at New York City, and was promoted to his present rank while serving in Korea. His wife, Gloria A. Raschke, lives at 1020 Marine avenue, New Hyde Park, N. Y.

For heroic achievement in connection with operations against the enemy while serving with a Marine infantry regimental command post during the period 15 September 1950 to 30 September 1950 in Korea. As a member of a regimental command post wire section Sergeant Raschke displayed excellent and untiring attention to duty throughout the entire campaign, and exposed himself to heavy enemy mortar, sub-machine gun and small arms fire while his section was laying lines to all battalion command posts. Sergeant Raschke, heedless of the dangers from enemy fire, greatly assisted the wire team in their assigned missions.

Rev. Eugene K. Strebel Assumes Pastorate Of Lutheran Church

Has headed CHEY Drive In State; Comes Here From Flushing Charge

The Rev. Eugene K. Strebel has assumed the pastorate of Christ Lutheran Church, succeeding the Rev. David G. Jaxheimer, who resigned as of Sept. 1, after serving the community for 20 years, to become assistant pastor of the United Lutheran Synod of New York. He will preach at the 10:45 a.m. service Sunday on "The Lord Is At Hand." The Sunday School will have its Christmas service at 9 a.m. There will be a Christmas eve candle light service at 11 o'clock at which the pastor's topic will be "That Christ Means to Me." The choir will sing two carols, "O Holy Night" by Adams and "Gesu Bambino" by Von.

The Rev. Mr. Strebel comes to Freeport from Flushing where he served as pastor until granted a leave of absence to become Synodical Director of the Nationwide Lutheran Christian Higher Education Year appeal during which \$6,000,000 was raised for its educational institutions.

When Christ Church extended him a call on Sunday, Dec. 10, to become its pastor, he was still with the CHEY appeal. However, with this campaign now drawing to a close, he soon will be relieved of this position so he will be enabled to give his entire time to the work of the local pastorate. His official ministry here began on Friday, Dec. 15.

Referendum Is Set For January 24; To Register Jan. 13

Bond Issue Proposed To Permit Carrying Out of Original Plans

The Board of Education has called a special election for Wednesday, Jan. 24 to vote on a proposal to increase the appropriation of \$1,300,000 approved last June for the construction of the S. Bayview ave. school by issuing \$200,000 in bonds to permit the carrying out of the original plans for the structure.

The polls will be open from 12:15 to 9 p.m. All persons who registered for the annual meeting in May and the special election on June 15, are eligible to vote at the forthcoming referendum. However, for the benefit of those who have not previously enrolled, Saturday, Jan. 16 has been designated as registration day and they may register anytime between 7 a.m. and 9 p.m. in the corridor of the high school auditorium building.

Costs go Sky-Rocketing

When a bond issue of \$1,300,000 for the new school was approved in June, the amount was adequate to complete the project as planned. However, as a result of the hostilities which broke out in Korea shortly afterwards the cost of building and other materials has sky-rocketed to such an extent that when bids were received they exceeded the original grant by approximately \$200,000. Fearing that if the bids were rejected advancing prices would make it impossible to proceed with the much needed school by the time a new proposal could be submitted to the voters, the plans and specifications were altered and items eliminated so the contracts could be awarded and the work gotten under way.

The resolution authorizing the raising of an additional \$200,000 bond issue provides that one-third of the money as it is needed will be expended, and if there is a surplus it will be used in meeting the

Air Raid Warning Signals Announced By Mayor Ryan

Cyril O. Ryan, Civilian Defense director today announced the air raid warning signals for Freeport, and gave advice to residents on what to do in the event of an air raid. He said:

"Public Warning-called 'Red Alert Signal' is under the jurisdiction of Fire Chief Robert N. Kinsey and the signal will be sounded by the Police Department. This will be of three minutes duration consisting of either a fluctuating or warbling signal of varying pitch by air raid sirens. Chief Kinsey will not sound the sirens at the power house. This alert will be given only when hostile air craft have been identified and are within the air defense sector.

"On hearing the above signal those engaged in Civil Defense should be at their assigned posts immediately, and take cover when necessary.

"People who are not engaged in Civil Defense work should abide by the following instructions:
"AT HOME — Get under a bed close to wall away from windows, cover exposed parts of body, keep radio on.
"ON STREET — Do not remain in the open, take any shelter close by if time permits. If not fall to ground face down, cover exposed parts of body. Obey orders of air raid wardens.

CHILDREN AT SCHOOL — If your children are at school, YOU are to stay at home. DON'T phone. Your teachers are trained to take care of the children.

"The all clear following a 'Red Alert' is called the 'White Alert.' This signal will consist of a series of three one minute steady blasts by Air Raid Sirens separated by periods of two minutes of silence.

After an attack remain calm and follow instructions of civil defense forces.

"1. Keep radio on to receive information.

"2. Do not use your car or telephone, roads and lines are needed for Civil Defense rescue operations.

 16, and he preached his initial sermon last Sunday.
 Life Long Islander
 Pastor Strebel has spent practically all his life on Long Island. He was born in and attended public school in Queens County and later served two pastorates on that territory. He attended Hartwick College and received his ministerial training at Gettysburg Seminary, Gettysburg, Pa., from which he was graduated in 1938.
 Following his ordination at Rochester, N.Y., in 1938, the Rev. Mr. Strebel accepted a call from his home church, Good Shepherd, South Ozone Park, to become assistant to the pastor, the Rev. C. Henry Thompson. In 1940 he accepted a call to the Christ Church, Flushing, which he organized with a charter member-

ship of 51 communicating members and 17 Sunday school pupils. At the close of his pastorate in 1950, the communicating membership had grown to 475 and the Sunday school enrollment increased to more than 500. In a period of less than seven years, property was purchased on which the first unit of the church was erected; a parsonage purchased and the debt liquidated. A new church building fund of \$100,000 was launched in 1949; ground was recently broken and the erection of a church edifice was begun.
 Wife an Active Worker
 Mrs. Strebel is the former Aurelia O'odori of Gettysburg, Pa. She is active in church work, especially in missionary circles. Since 1948 she has been president of the Women's Missionary Society of the Long Island Conference. Mrs. Strebel is also a member of the Daughters of the American Revolution.
 The pulp committee which recommended Pastor Strebel for the pastorate comprised E. Lloyd Tressel, chairman; W. P. Elson, Clarence Kelting, and Henry C. Kranz.
 It is expected an installation service will take place early in January.

ing nominal salaries to members of the Zoning Board of Appeals, the Park Commission and the Planning Board, a practice discontinued during the stringent days of 1943. Beginning with the new fiscal year members of the Zoning Board of Appeals and Park Commission will be paid \$300 annually each and of the planning Board, except the Village Board representatives, \$100 each.

Likewise the board on motion of Trustee Leonard D. B. Smith voted to submit to a referendum a proposal to pay the Mayor and Trustees the maximum salaries allowed under the State law, that is \$2,500 annually for the Mayor and \$1,200 each for the trustees. They now receive \$1,200 and \$600 respectively. Several years ago when a similar proposal was submitted to the taxpayers it was defeated by about a dozen votes.

Announcement was made that Police Sergeant Raymond J. Knipe had been promoted to the rank of lieutenant as of Dec. 15.
 On recommendation of Police Chief Peter Elar it was voted to install "No Parking" signs, at the curb of Lou's Service Station, 337 West Sunrise Highway.

 For the first time in recent months the Board carried on its meeting without having an audience present.

His N' Her Club Gives Unique Christmas Party

The His N' Her Club of Freeport Methodist Church gave a unique program at its meeting Thursday night under the title of "Not Even a Mouse." It represented an old fashioned Christmas eve in which everyone participated in trimming the tree and getting ready for the next day. As each person arrived, he or she was given an emblem of one kind or another. Later those wearing similar emblems were formed in groups and given projects to perform. One group popped corn, another made fudge, another strung the popcorn and another placed ornaments on the tree which had not been trimmed in advance. It took just half an hour for the tree-trimming group to complete its task and it made a good job of it too. Mr. and Mrs. Robert F. Zackary were the chair-couple in charge of the evening's program.

Robert E. Joy, a past president, installed the 1951 officers who are as follows: Mr. and Mrs. Winston P. Tutill, president-couple; Mr. and Mrs. Frank E. Burkett, vice-presidents; Mr. and Mrs. Theodore A. Turnau, secretaries, and Mr. and Mrs. Fred S. Howell, Jr., treasurers.

The other speakers were the following undergraduates: Carol Carter, Manhasset, Student Government; Helen Jane Bergen, East Williston, the Social side of college life; Janet Crawley, Port Washington, musical opportunities at Wellesley; Judith Shumway, Manhasset, sports; Mary Ann Greenberg, Great Neck, extracurricular activities; and Lois Burnham, of the State of Washington, pointed out the advantages of the diverse geographical and cultural backgrounds of the student body who come from all forty-eight states and many foreign countries.

The program was arranged by the Acquaintanceship co-chairman, Mrs. John C. Crawley and Adelaide Crawley of Port Washington. Tea was served by Mrs. Walcott Chandler of Freeport, chairman of hospitality. Prospective students attending the meeting from Freeport were Jane Vose, Dorothy Lehtfeld, Nancy Sutermeister, Sheila Shean and Marlene Allyn.

Legionnaires Urged To Aid Civil Defense

Ryan and Others Speak At Story Post Meeting; Plan for 'Tide of Toys'

Cyril O. Ryan, director of Civil Defense in Freeport, and his principal aides outlined the duties of their respective divisions at a meeting of William Clinton Story Post, A.L., Friday night in the Dugout. The speakers were E. Gordon Edwards and Samuel D. Gerber, deputies to Chairman Ryan; Harry J. Chuliano, George V. Maurer and Dr. A. A. Seizer, substituting for Milton Danziger. All urged legionnaires to join up for active participation in Civil Defense work.

Henry O. Krans was named chairman, with William W. Davis as vice-chairman of a committee to conduct the "Tide of Toys," a movement to collect toys to be sent to children in Europe. The drive will get under way on Tuesday, the day after Christmas.

Membership officer Frederick W. Batcher reported a paid-up membership of 248. Harry J. Chuliano reported 438 realized for welfare work through the sale of paper collected on Sunday, Dec. 3. For the welfare committee, Chairman E. Willard Heland announced four Thanksgiving baskets given to needy families. William Sliegmaler, chairman of the committee which has been rehabilitating used toys, reported the work completed and announced many children would be made happy on Christmas by receiving them as gifts. Some will be given to the Salvation Army.

 Edmund A. Robson, chief observer, reported the observation post atop the Meadow-Brook National Bank Building was being manned though the observation tower has not been erected. He said half his staff was composed of Legionnaires. A hot roast beef repast was served to the members and guests by chairman Sliegmaler and his committee following the meeting.

Santa Claus to be Ambassador of Peace

Dear Santa Claus:
THE LEADER by the authority in it by law invested hereby appoints you its minister plenipotentiary extraordinary to work through the coming year as an ambassador of peace to all the world. All other agencies have failed. The world now seems on the brink of disaster. So Santa, you have a terrific job on your hands, but we think you possess those capabilities and qualifications that will enable you to complete your assignment successfully.

Christmas is a time of peace and friendship exemplified by the exchanging of gifts. It also is the natal day of Jesus Christ our Lord, the Prince of Peace. We feel that even in the countries behind the Iron Curtain the vast majority of the people if given a chance, would overthrow their despotic leaders and enthroned in their places officials who would substitute democracy for totalitarianism, and justice for anarchy. The democratic countries would welcome succor from the threat of invasion and war and will join most wholeheartedly with you as you go about on your mission of peace.

And even in heathen lands you will be welcomed, for the most benighted individuals must loathe the threat of hostilities which now is overhanging the world.

As you go about your task you will be backed by the prayers of Protestants, Catholics, Jews, Moslems, Buddhists, and all the other religious sects who will plead with the gods to which they lift their petitions that the dark cloud of an impending world conflict, dire in its potentialities of destruction, yes even annihilation, may be dissipated and the sunshine of peace will shine through with all its radiance.

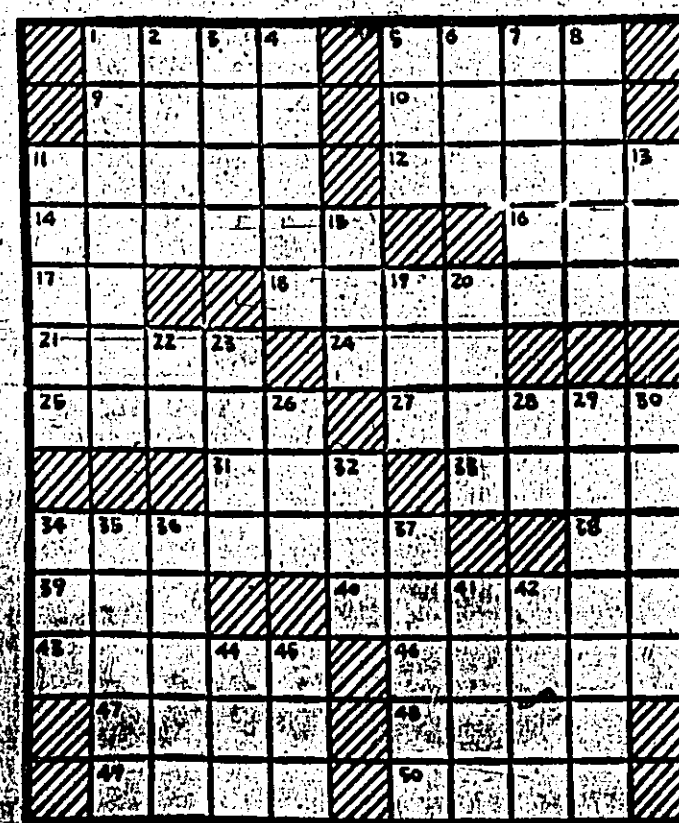

How you are to accomplish this gigantic assignment on which you are to depart immediately we do not know. We give you carte blanche authority to proceed on your task without restraint or hindrance; because we know you will make no mistakes. In some way you must worm yourself into the hearts of the rulers of every nation, substituting love for hatred, softening their consciences so they will respond to every urge for good to such an extent that brotherhood will replace animosity and everywhere there will be a desire for peace that will make itself so evident that it cannot be denied.

This task cannot be accomplished over night. That we all realize. So we will give you an entire year to carry out your mission. BUT, on December 25, 1951, we will expect you to deliver to the world, an iron bound Treaty of Peace, with penalties so drastic and severe that no nation dare violate it; and wars will be eliminated until the day THE PRINCE OF PEACE comes to earth to reign in person for ever and forever, eternally and eternally.

MAN ABOUT TOWN

By
EDDIE VASIL

Dear Friends and Readers:
For nearly five years I have tried to offer you pleasant moments with my literary efforts. Your encouraging letters and comments have acted as the life-line of my writing career, and your criticisms have been appreciatively received and followed. You have been responsible for the biggest happiness and joy that I could have experienced this past year; your support has made it possible for me to advance from a columnist to managing editor of two publications. This I'll always remember. I will never knowingly break your trust in me.

Another Christmas has come upon us. Although the world is in a chaotic state in many ways, basically we are, and always will remain, on a solid foundation. This will continue to be so if we never overlook the major canons of life. Religion, regardless of the manner or type practiced, is the beacon of civilized philosophy. Christmas is a symbol of this brotherhood of man. A true brotherhood that knows no one particular race, creed, or color. As a newspaperman, I am always aware of the cherished value of this great feeling.

I only wish that I could extend greetings to each and every person that I have come in contact within the past year. I only wish that I could personally greet them to thank them for their many favors; to beg their forgiveness for the times when I have been out-of-line; and to wish them and their families all the happiness that God can grant. God has been most kind with my family. He blessed our home with a charming daughter named Katherine, six months ago.

I would like to thank my attorneys who have come to my rescue whenever I have been plagued with newspapermen's problems and I'll always remember my doctors, who never had too much to work with anyway, for their medical skill in keeping my body together so that I would have enough energy to pound a typewriter and to make the rounds so that I could get material to turn out my columns.

Men like Sheriff Al Vollmer, Mayor Bob Dosze, County Executive J. Russel Sprague, and the many, many others in public office who have opened doors so that a columnist's tasks would be a little simpler, are on my list of personal greetings. I would like to extend best wishes to the officers and members of every organization in Freeport; to Chief Elar and the members of the Freeport Police Department, and Chief Bob Kinsey and the Freeport Fire Department; to the bartenders; cab drivers, waiters, waitresses, men of the highway, sanitation and post office departments, who have been so helpful to me in thousands of ways.

I would definitely say "Thank You" to the merchants and business men of Freeport, without whose advertising and support, I could not have made many things possible. I would also like to thank them for the generosity they have shown by "donating" to the numerous, but worthy charitable drives, for which I have asked contributions. I would ask for their forgiveness for the liberties I have taken in their advertising, and for the gracious way they have never let me down.

I would offer my hand in appreciation to the officers and members of the Freeport Chamber of Commerce and the Merchants Association for the faith and confidence they have had in me and my work.

I would like to give special consideration to my co-workers, particularly my photographer, Jerry Bagatella; Dick Dooley, photoengraver; to my associates Wallace H. Campbell and George Goeller; to Loretta Olsen, who has proved invaluable as my "girl Friday"; to my favorite florist, Lyman Duryea; to Nassau County Police Commissioner Beckman, Chief Inspector Bill Allen, and the detectives of the First Squad for the protection and cooperation they have given me; to my favorite cartoonists Ray Goldberg and Curt Brall; and to my editors of the United Press.

I would also like to say "Merry Christmas and a Happy New Year" to people like John C. Peterson, Attorney Eddie Horowitz, Paul Doumeng, Tony Constantino, Bill Larkin, Ian Murray, Eddie Washeka, Sol Muscareo, George Belterick, Bill Allyn, Bill Glacken, Attorney Sam Israel, Guy Lombardo, Bill Frey, Dave Shapiro, Rev. John J. Madden, Joe Fisher, Harry Chulsano, Bob Kinsey, Ian Murray, John Shultz, Teddy Spitzler, Lou Mandell, Judge Hilbert Johnson, Courtland Johnson, and George Johnson; to Sarge Nixon, John Muller, Gus Weller, Cyril Ryan, Don Hale, Abe Siegel, Davy Levy, Attorney George Morton Levy, Jack Altshul, John Greene, St. Kalos, Harry Carman, Murray Snider, Hy Wurtzel, Attorney Mike Goodman, Rene Carreau, Mabel Reiner, Otto Kunz, George Gerns, Pete Solmo, Mae Bannon, Ralph Wainwright, Ey Furman, Milton Foreman, Eddie Staros, Atty. Paul, Pete, Tom, and Tony Kelly.

I would like to wish the best of life to others like Regis Schults, Corodyn M. Johnson, Eddie Andrews, George Morrison, Mike Kavellis, Jeff Paris, Jim Boloukos, Mildred Burton, Bill Hammer, Ken Williams, Bill Applegate, Bob Isaacson, Herb Sundry, Major Ernest Newton, Attorney Ken Vought, Dr. Nathan Diamond, Attorney Julie Blagden, Dr. Merry Lester, Dr. Joe Cohen, Dr. Asch, Dr. Morton Samet, Dr. Bernard Markowitz, Morris Carlisle, George De Priest, Joe Gallo, Bob Goldschmidt, Ben Reiner, Tommy De Giacomo, Stuart Wallace, Mr. Joseph, Mitt van Riper and Bill Billmeyer.

Wallace Commends Work Of Health Association

In a statement issued today, Welfare Commissioner Edwin Wallace commended the Nassau County Tuberculosis and Public Health Association for its work in the field of rehabilitation of discharged tuberculosis patients. Commissioner Wallace urged everyone to support this program by buying Christmas Seals.

Although the Association's Rehabilitation program was inaugurated only two years ago, Mrs. Genevieve W. Brock, rehabilitation director, has assisted many persons, formerly dependent on the Welfare Department, to establish their independence.

"The work Mrs. Brock is doing is a great assistance to my Department," said Commissioner Wallace. "We have worked cooperatively with 22 clients who have problems concerning tuberculosis. Mrs. Brock has helped each one toward our mutual goal of independence. This is a very real reason why everyone should buy Christmas Seals now, and support the fine work the Association is doing, not only in the field of rehabilitation, but also the fight against tuberculosis, rheumatic fever and mental health problems."

L.I. Ass'n Industrial Council Named At Yearly Meeting

Appointment of an Industrial Council with five committees to meet the problems of the rapid industrial development now taking place in Nassau and Suffolk Counties, was announced at the 24th annual luncheon meeting of the Long Island Association held last Friday in the Garden City Hotel, Garden City. President Arthur T. Roth, who presented a report of accomplishments during the year just closed, made the announcement.

President Roth reviewed the activities of the standing committees of the association and announced the appointment of Edwin G. Eppenbach of Long Island City and Huntington, vice-president of The L. I. Association for Queens, as chairman of the Industrial Council, which is composed of 24 members representing all four counties of the island. He also announced the appointment of the following chairman of committees set up by the Council: Dr. Benjamin Werne of Freeport, professor, Graduate School of Business, New York University and council to trade associations on business regulation, taxation and business regulation; A. Edward MacDougall of Jackson Heights, president, Long Island Real Estate Board, Planning and Zoning; George Cushman of Riverhead, vice-president of the association for Suffolk, Freight and Public Transportation; Arthur A. Johnson, of Manhattan and Manhasset, former president of the Queensboro Chamber of Commerce, committee for attracting new or additional business; Dr. William A. Neland, director, Department of Marketing and Management, Hofstra College, Research Council; George H. Hauser, of Garden City, vice-president of Liberty Aircraft Products Company, Farmingdale, Finance and Credit.

Walter B. Matteson, chairman of the membership committee reported 268 new members, bringing the total enrollment up to 1,200.

Eldridge Haynes, publisher of the magazine "Modern Industry," delivered an address on the "Economic Opportunity for Long Island" as seen by an industrial journalist. He emphasized several conditions and trends which he said would lead to an increasing development of light manufacturing in Nassau and Suffolk Counties. He pointed out that as the nation would soon be on war footing, there would be an increased demand for production of essential civilian goods and military needs.

"The trend towards smaller towns and smaller plants will persist," said Mr. Haynes. "This does not mean a trend away from large companies. It is the larger companies which will build and use many of the smaller plants. There is a definite trend toward the development of new substitute materials which require the construction of new production facilities. The government is certain to be spending a great deal more on it than in years to come. The inevitable result will be the lessening of the value of the dollar and the consequent rise in the value of the land, buildings and equipment. War economy will require more production which means more modern plant facilities and the trend towards smaller towns will benefit Suffolk and Nassau. The trend away from big cities will lead many industries to look toward eastern Long Island."

In conclusion, Mr. Haynes said, "To the degree that Long Island successfully attracts more industries, all other businesses in the community will grow, including transportation, power, communications, housing, schools, hospitals, wholesale and retail trade and banking. Surely, Long Island has much to offer."

Ellis Island Hospital Exhibit at Library

An exhibit of articles made by patients in the U.S. Marine Hospital on Ellis Island, is on display in the Freeport Memorial Library. It was arranged by Miss Donna Crittenden, a member of Ruth Floyd Woodhull Chapter, D.A.R.

Occupational therapy is prescribed by the doctors at Ellis Island, so the patient will participate in an active occupation, which is carefully graded toward normal levels of activity. Types of cases under care are general medical, tuberculosis and neuro-psychiatric. The majority of the patients are Merchant Seamen and United States Coastguardsmen, many of whom saw active duty during the war, Miss Crittenden said.

The exhibit includes wood carving, knotted belts, leather articles, woven table mats, hand loomed rugs and runners and jewelry. Any article made belongs to the patient and if he does not wish to keep it he may give it away or sell it through the department. The entire selling price for each article is returned to the person who made it and is not a contribution to the maintenance of the department.

A Clerk's 'Day Before Christmas'

'Twas the day before Christmas and all thru the store
Customers howlin' and shoutin' galore,
Where is my package I left in your care?
I said 'Tid return and I put it right there!
The sheets were for Mary, the ties were for Jim.
The pipe was for Daddy and 'amas for Min.
The layaway items were in a great mess
The clerks shook their heads and then did their best

All rustlin' and hustlin', confusion and worry,
Customers wantin' their things in a hurry,
Blankets were opened and table cloths too,
"Oh I want a green one, blue will not do."
And then from a corner someone will shout,
"Wait on me Miss and then I'll get out."
The meter outside is ticking away
I'll have a few tickets by close of the day.

The new fallen snow was the shoppers' delight
It all looked so pretty, so clean and so white.
The wee tots were sleding and having their fun
Sleds became tangled, one after one.
And mother and dad bundled up to their chin
Weary from shopping and the tree still to trim.
So homeward they go and put junior to bed,
While visions of Santa dance in his head.

And so it keeps up until the last minute
The door is closed tight and the store key turned in it
The clerks are all happy that Christmas is here
But thankful it only comes once in a year.
The wee little mouse came out from his nest
And said, "Now I'll roam while all the clerks rest."
He looked all around in a terrible fright—
But ran back as we shouted, "Merry Xmas, Good Night!"

Primitive Life In South America Shown Baptists In Missionary Film

Heathen customs hidden in South American jungles and
a monkey killed, cooked and eaten are a few of the dramatic
sequences included in the new sound-color film, "To Every
Creature."

DRIED MONKEY DIET

The film, "To Every Creature," is
a fresh approach to missionary ac-
tivities. These Indian tribes, shown
as they exist without help, hope
and God, have received a message
from missionaries that has changed
hearts and transformed lives; but
the work could be multiplied by
modern transportation and com-
munication. "To Every Creature"
demonstrates this by actual stories
of missionaries who suffered great
hardships and narrowly escaped
death in canoes and on jungle
trails. Other sequences show the
real help modern communications
and planes give to the pioneer mis-
sion workers.

"To Every Creature" emphasizes
training missionary technicians as
pilots, and for maintenance, repair,
communication and photography
work on the mission field. These
subjects are included in the new
missionary technical training course
at Moody Bible Institute. With these
technical specialists on hand, others
trained in Bible work can devote
more time to preaching and teach-
ing the natives, the film indicates.

Tomorrow night the Sunday
School of the Church will have its
annual Christmas party and Santa
Clause will have gifts for the
younger children.

Sunday morning at 10:45 o'clock,
the pastor, Dr. Losch, will preach on
"A Child Is Born." In the evening
the Christmas story will be told in
Kodachrome views.

Faberger's New Perfume 'Act IV' Has Many Uses

"All the world's a stage... and you're the star!" That's the idea behind Faberger's provocative new perfume with its conversational title. Act IV. Faberger has created Act IV as the fashion-right accessory for theatre, suits, evening gowns, long white gloves, tiny dressed-up hats, brooches and sash. Or if one is playing a stellar role at home, Act IV adds a dreamy touch to her luscious new "TV" ensembles, or daintily different lounging wear. It's as fascinating... and as intimate... as candlelight.

Faberger's world-famous packaging makes its grand entrance in Act IV staged in elegant gold and white... designed as a stunning and ultra-feminine adornment for the dressing table: Parfum Extraordinaire in square-cut crystal facons, set in precious gold kid, lined with purple velvet... 5, 8, 15, to 50. In the touch-control "Fabergette" with its white kid purse pouch, 2.50. Cologne Extraordinaire, in decorative cylinders with gold-starred, night-black caps... 2, 3.50, 5, 10. Bath Powder, in golden-topped white waterproof vanity boxes... 2, and 3.50.

May the "Peace which passeth all understanding" be with you and yours during the blessed Christmas Season and throughout the New Year.

— and may we acquire the Faith and Humility to invoke Divine Guidance for ourselves and for our leaders during these times that, once again, "try men's souls."

Gaurding Against Atom Bomb

HOW SHOULD A HOUSE BE PREPARED? Starting right now you should go in for "fireproof housekeeping."

Don't let trash pile up around your house and always keep it in covered containers.

If you know you have time when blinds, or heavy drapes, they will also provide some protection against fire sparks.

If you have shutters, venetian blinds, or heavy drapes, they will also provide some protection against fire sparks.

Several other household precautions should be taken promptly.

Atomic bombs set off high above ground seldom cause breaks in underground water mains. However, shaking and twisting of the buildings by the blast wave sometimes snap off household inlets at the points where they enter the basement.

This may allow gas or oil to flow into your cellar.

To lessen the danger of fires and explosions that could result from this leakage, you should throw the electric switch that shuts off your oil burner.

Your local utility companies can give you detailed instructions about your gas, pilot lights and so on.

If you have a coal-burning furnace or wood stove, be sure to close all its fuel and draft doors. In other words, do all you can to prevent sparks and to put out or cover open flames.

Should attack come without warning, take these same precautions. Keep at least one flashlight handy and don't strike a match to light your way down into a darkened basement. Gas or oil fumes may be present and an explosion could result.

Warning about Lingering Radioactivity

Knowing how to protect yourself from blast, heat and explosive radioactivity, only one major problem remains: That is how to avoid harm from lingering radioactivity.

EXPLOSIVE radioactivity bursts from the bomb at the time of explosion and lasts for only little more than a minute.

LINGERING radioactivity remains for a longer time, from minutes to weeks or months, depending on the kind of radioactive materials.

Lingering radioactivity may become a danger if atomic bombs are exploded on the ground, underground or in the water. Air bursts leave no dangerous lingering radioactivity.

Most lingering radioactivity comes from "leftover" bomb wastes or "ashes," technically called fission products. They consist of countless billions of fragments, or pieces, of atoms split up in their explosion.

Some, though usually less dangerous, amounts of lingering radioactivity may be thrown off by scattered atoms of uranium or plutonium that fail to split up when the bomb goes off.

Particles totally invisible radioactive particles act much the same as ordinary, everyday dust. When present in any real quantity, they

are scattered about in patches and contaminate, or pollute, everything they fall on, including people. While they can be removed easily from some surfaces, they stick very tightly to others. It is practically impossible to get absolutely all of them out of household corners and crevices. Most of the time, it is far easier to prevent pollution than it is to remove it.

Service Clubs Preside Over S. A. Yule Fund Kettle

Members of the three Freeport service clubs are presiding over the Salvation Army Christmas fund kettle outside the F. W. Woolworth Co. store on South Main St., three days this week and are vying with each other to see which will collect the most during its day on the job.

The Kiwanis Club had charge from 2 to 9 P.M., on Tuesday, the Exchange Club had its inning yesterday and last night some members of the Fire Department Band gave a concert from 8 to 9 o'clock with the hope that the added attraction would bring in more contributions.

This afternoon and evening the Rotary Club will do the honors.

HOME BUREAU YULE PARTY

The South Nassau Home Bureau of Roosevelt, will hold a Christmas party tonight in the Memorial Presbyterian Church, Roosevelt.

Freeport Hospital Guild Gives Christmas Party

Members of the Freeport Hospital Guild enjoyed a Christmas party at the December meeting in the home of Mrs. Karl Gardner, 15 El-Hott pl. Mrs. Seward J. Baker, the president, presided. A nominating committee was appointed with Mrs. William S. Hughes as chairman. Mrs. G. A. Goetschius Jr., reported that more than \$200 was realized at the annual tea and food sale held in November.

Highlights of the Christmas program were musical selections by Mrs. Thomas W. Cann Jr., who sang "Panis Angelicus" by Cesar Franck and "Alleluia" by Mozart. She was accompanied by Mrs. John Hibbard.

A group of solos for the flute were played by Miss Kay Gardner accompanied by Miss Susan Baker. A silver collection was taken for

the American Red Cross for the benefit of the Christmas festivities at Veterans Hospitals. The hospital chairman was Mrs. David Martin. Members of the executive board acted as hostesses. Presiding at the tea table were Mrs. Thomas W. Cann and Mrs. Harold Johnson.

Blazing Star Council Has Dinner, Yule Party

Blazing Star Council, Degree of Pooahontas, had a dinner and Christmas party Tuesday night in the Bavarian village, Belmore. This was an innovation as the event in the past has been held in its lodge room in Junior Order Hall. Miss Charlotte Gardner was chairman of the committee of arrangements. Girls were exchanged and everyone had a good time. A chicken dinner was served.

Plans for the event were completed at the semi-monthly meeting Thursday night in Junior Order Hall. It was nominations night and Mrs. Ernest Conrad, the Pooahontas, and her entire staff were nominated with one exception. Mrs. Margaret Carman, the recording secretary, declined a re-nomination because of illness, and Mrs. William M. Bedell was named in her place. The election will take place at the first meeting in January and the raising of the chiefs will follow during the second meeting.

Columbus P.T.A. Gives Yule-Chanukah Program

A Christmas and Chanukah program was given at the December meeting of the Columbus Ave. School Parent-Teacher Association Thursday night in the school cafeteria. Cantor Harry Altman of Temple Emanuel, cantor of traditional numbers and Mrs. Lauretta Baumann, soprano soloist of the Temple, sang several selections.

Fifth grade pupils, directed by Miss Mary McGraw, presented three Christmas plays. Mrs. Sol Utman, the president, presented a substantial check to Miss Jessie Davies, exchange teacher from England, serving as a member of the faculty for a year, to enable her to visit friends in Chicago during the Christmas vacation.

There were carols by a trio of girls, comprising Peggy Ann Morrow, Sylvia Miller and Kay Morrow. Refreshments were served by Fourth Grade mothers under the chapermanship of Mrs. Charles W. Hanna.

Scanning The Sports Scene

BY DICK SCHAAP

The 1950-51 edition of Freeport's Red Devil hoop quintet appears to be well on the road to a championship season under the leadership of coach Harry Erelhart.

DICK SCHAAP

The Red Devils have notched triumphs in their initial four outings against Mineola, Garden City, Great Neck, and Glen Cove. Last night, Freeport was slated to meet Oyster Bay's winning cage squad. At the time of this writing, the outcome was not known.

Freeport in the scoring column has been speedy. Freddy Fellman who has out for the cords for 87 points and a 22 point average. Jay Schmidt bolsters the offense with his 18 point scoring clip for 72 tallies. Dave Pearsall, the brilliant floorman, has 12 double figures in the last pair of encounters. Johnny Morgan and Al Scopinich have also chipped in with some timely baskets. A trio of capable reserves have been displayed in Charlie Onderdonk, Emil Leuck, and Hugh Edwin. Freeport has been tearing along at a 72 point average to a mere 56 points per game for their adversaries.

Off the record thus far, no other team can compare with the amazing totals of the Red Devils. Hicksville, the North Shore's top five, was hard-pressed to edge Great Neck 49-47. Great Neck was scalped, 70-35, by Freeport. Long Beach, also a strong contender for the South Shore, was scared by Westbury before emerging on top 38-34. The Bleachers do not appear to have the spark that powered them to 18 straight wins last year.

In Section One, Freeport's chief competition, as usual, will come from Sewanhaka. The Indians, after an early loss to Champlaine, have not tasted defeat, trouncing Oyster Bay twice. Al Fugliese, a transfer from New York City last year, spearheads the Indians with his outside shooting and hard-driving lay-ups. Chris Harris, a deadly set shot from far out, has not, as yet, displayed the fine form that was evident last season. Diminutive Vinny Kelly, an aggressive ballhawk, produces the spark in the Indian offense. Ed Donlon, the 6-5 pivot man, also is a scoring threat from the inside.

Reports from collegiate circles spread the fame of Freeport's former great, Bill Dodd. The sparkling pivot ace has flipped 98 markers through the nets in six engagements. At Madison Square Garden on December 12, Dodd racked up 19 tallies and pulled in rebounds off both backboards to pace Colgate to a 79-74 decision over N.Y.U. The Colgate quintet is now quartered in New Orleans for the participation in the Dixie tournament.

Glowing reports have also come in about the play of little Leon Hong pierced the Boston University defense for 10 points in the tussle at Boston. Hong's reputation is mainly as a scintillating ballhandler and defensive standout.

Gene Schaffer, along with Dodd a member of the 1948-49 South Shore titlists, contributed a very important point for the University of Vermont in the Catamounts' win over Dartmouth. Schaffer's foul shot, in the waning moments of regulation play, sent the game into overtime and enabled the Vermont win.

The Freeport alumni contingent is among the undefeated aggregation in the Nassau Alliance. The alumni, paced by Lou DeSalvo and Harry Hoffman, are currently sporting a three game winning skid.

The Freeport Police Boys Club expect to start their hoop league shortly after the turn of the year. All interested teams may still enter by getting in touch with me at FR 9-9773.

Meeting the Family

BY LUCEA MALLORY

"Here you are, David!" "How are you, Sonny?" "Isn't he a darling?" "Well, David, you're quite a boy!"

Small David Penniman stood in the middle of the big hall in

his mother's girlish home surrounded by a crowd of admiring relatives. Loving arms were outstretched to embrace him and hearty voices boomed out in a chorus of welcome. Much to their surprise and disappointment the little fellow answered his relatives' greetings with a frightened cry and ran sobbing into his mother's arms.

Jean Penniman, her son gently, but she spoke to him in tones of dismay. "Oh David, that's no way for a boy to act when he comes to visit his own family!"

The eager chorus persisted. "Come on, David, don't be afraid!" "We won't hurt you." "Show us what a big boy you are!"

Suddenly a quiet voice hushed the clamor. "Let's give David a little time to become acquainted with us," the boy's grandmother was saying. "Come, Jean, bring David up to your room. Your father brought your own baby-bed down from the attic for him."

"I'm sorry David was so contrary," Jean apologized, as she led the little fellow up the stairs. "Ever since he was born, two years ago, I've looked forward to this visit and I did want you to like your first grandchild."

Jean's mother looked tenderly at her grandson. "There won't be any questions about that," she answered. "I'm sorry we were so thoughtless. Even an adult would be overwhelmed by so many boisterous greetings. David is accustomed to being with just two people—you and his daddy. It will take him a little while to adjust to the new situation of having so many strange people around him."

"I hadn't thought of that," Jean returned her mother's smile. "Since I know and love you all so well, I was just expecting David to know you, too. Now I'll try to help him instead of reproaching him."

"That's right," her mother agreed. "I'll have Tom bring up your luggage. You can hang up your dresses if you like and give David time to find his bearings." Without pressing the boy's acquaintance further, his grandmother left the room.

In a moment Tom, Jean's brother of high-school age, appeared, carrying in one hand a suitcase and in the other a very small red chair. "Here you are, fellow!" he exclaimed, placing the chair beside his young nephew. "Do you remember this chair, Jean? We gave it a fresh coat of paint for David."

"Indeed I do," Jean replied, giving her brother's tall figure and affectionate appraisal, "but it's hard to believe that you ever sat in it!"

David's eyes brightened at the sight of the tiny chair, and in a few moments he appropriated it as his special piece of furniture.

Tom gazed longingly at his nephew, but he wisely refrained from attempting to lift the little fellow up. "We'll have some fun before you leave, David," he promised, and he found his patience rewarded when

Pythian Sisters Give Party for St. Giles Home

Unity Temple, Pythian Sisters, gave a big Christmas party for the 40 patients in St. Giles Home for Crippled Children, in Hempstead yesterday afternoon. An interesting program was given to start the festivities, and an individual gift was presented each of the children in the home. Candies, cookies, ice cream and cake also were distributed among the youngsters. There were accordion selection by Doris De Pinko, Richard Strunk and Donald Brink. Mrs. Milton Freilich was in charge.

Members of the Temple spent Monday night wrapping up all the packages containing the presents and the candy, which included peppermint, oranges and cookies. A similar party was given recently for the patients at the Northport Veterans Hospital, with Mrs. Gertrude Wolder as chairman.

At a brief business meeting plans were made for the joint installation of officers to be conducted by the Temple and Freeport Lodge, K. of P., on Tuesday night, Jan. 23. Mrs. Florence Goldstein will induct Mrs. Caroline Bale, as most excellent chief, with her staff, assisted by Mrs. Wolder and Mrs. Paula Fontner.

Towns Teens

By FRANCES PRATT

Santa Claus is comin' to town . . . Real soon now, only THREE more day 'til jolly ol' Saint Nick comes to call . . . I guess that by now most of you have your Christmas shopping all done and are anxiously awaiting the big day. But in case some of you have not as yet finished your shopping—how 'bout making some lucky gal on your list extra happy with a pair of those sharp new "dangle" ear-rings with her initials on them or maybe one of those new pearl dog-collars . . . There are lots of things to make any gal happy featured in the jewelry counters of the town's stores.

The big D.C.E. Christmas Formal is this Saturday evening at the South Shore Yacht Club. It promises to be a gala affair so make your plans to include this dance. A good time will be had by all.

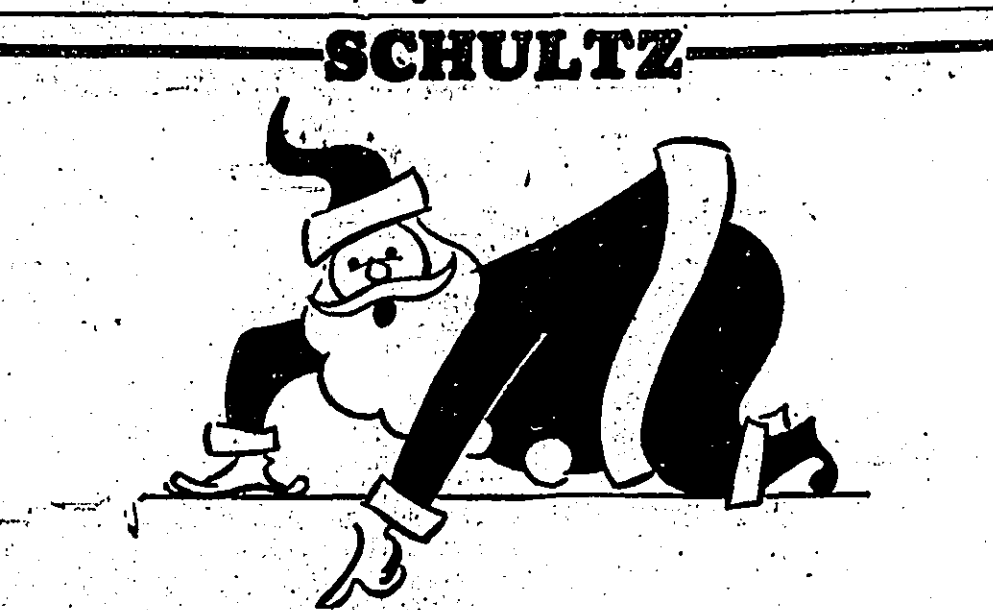

The town is crawling with ex-Freeport students on their college vacations. Seen strolling through the halls of the Alma Mater were Jim Magidson, Walk Westvogel, Julian Rosenfeld, Esther Reiger and Ed O'Meara . . . This was early in the week so probably by the time this is printed half of last year's graduating class will have returned to roost . . .

The basketball season is well under way and it looks like Freeport is in for a championship team this year. So far they are undefeated—the opposing teams haven't even come close with such scores as 64-32 . . .

I sure hope that Santa is good to everybody and you all get just what you want . . . I'll be seeing you after the holiday . . . Merry Christmas and a very Happy New Year everybody. . .
